# Insulated Double Drawer Unit

## For Cold or Hot Storage

### Hermetically Sealed Enclosure

#### Top Quality Materials for Long Life

- Double drawer unit with two independent insulated fronts and 304 stainless steel drawer faces.
- Integrated pan, and heavy-duty rails with acetal resin rollers.
- Watertight composite enclosure.
- Easily removed drawer provides convenient loading and cleaning.

#### Insert Food Containers To Drawer Pan for Hygiene and Safety

- Integrated stainless steel pan supports one Full Size Pan (1/1), or half, third or fourth pans.
- Use with ice to keep foods cold, or with hot water to keep foods warm.

#### Professional Design

- Multiple styles of door and drawers allows designers to quickly construct quality NSF foodservice counters.
- For indoor or outdoor use.
- Convenient and fast Installation.

#### SHORT FORM SPECIFICATIONS:

Self-contained, NSF certified, double-drawer in insulated cabinet. Double 304-stainless steel insulated drawers each mounted to full-size 8" depth hotel pan with 304-stainless steel tracks and acetal resin rollers. Overall double drawer face measuring 25.74" x 16.25", each drawer with replaceable magnetic gasket provides a hermetic watertight seal. An insulated external jacket made from high-strength composite allows easy installation to indoor and outdoor kitchen cabinet installations.
